PRESS RELEASE

**National Insider Threat Special Interest Group Announces
Insider Threat Symposium & Expo, March 31, 2015**

Silver Spring, Maryland

The **National Insider Threat Special Interest Group (NITSIG)** announced that it will hold a **FREE** 1 day Insider Threat Symposium & Expo. The Insider Threat Symposium & Expo was created in the wake of the recent data breaches affecting the U.S. Government (WikiLeaks, NSA Breach), and the continued damaging and costly insider threat incidents to businesses.

A recent **FBI and Department of Homeland Security Alert** reported there has been an increase in computer network exploitation and disruption by disgruntled and /or former employees. The FBI and DHS assess that disgruntled and former employees pose a significant cyber threat to U.S. businesses due to their authorized access to sensitive information and the networks businesses rely on. Companies victimized by current or former employees incur costs from $5,000 to $3 million.

Location:

John Hopkins University - Applied Physics Laboratory (JHU-APL) Kossikoff Center

11100 Johns Hopkins Road

Laurel, MD 20723-6099
